

YS Public School

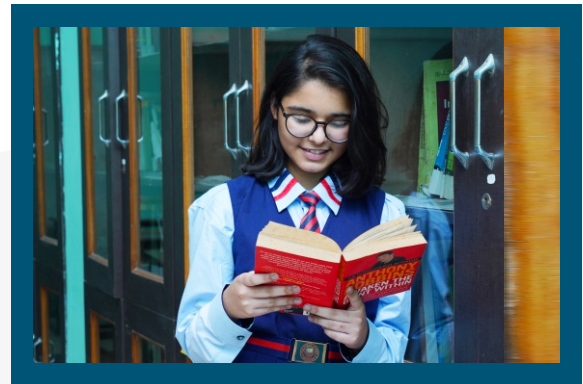

Higher Education

A Pathway to **Brighter Career** **Higher Education**

Inspiring Hope, Igniting Imagination, Moulding Professionals.

“Higher Education is the strongest, sturdiest ladder to increase socio-economic mobility and growth.”

Higher education @YS with additional Innovative Curriculum along with CBSE Curriculum , Focus on Concept Clarity, Practical Teaching & Learning Methodology, comprehensive Assessment System, and Learning by observation through Educational Visits ensures the path to generate a class of Thinkers. Giving the students a wider scope of perspective about education, career and values is the main motive of YS.

Our **5PILLARS** FOR EXCELLENCE

Academic Excellence

Nurturing students to achieve academic excellence through innovative teaching techniques

Practical implementation of theory

Implementing theory in real lives for in depth understanding.

Early Targeted Preparation for future career

Segregating sections as per the career choices of students.

Self governed structure for overall development

Learning beyond classrooms to instill leadership skills & confidence.

Moral Values & Community Service

Connecting students to community to improve it by helping those in need.

Science Stream

At YS students are not trapped only in the box of clearing IITs & NEET. The stream offers batches as per the interest of students.

- Competitive batch- For NEET and JEE aspirants
- Extensive Batch- For armed forces, general science, and research aspirants
- Global Batch- For study abroad aspirants in association with global connect.

Commerce Stream

At YS we give the students a platform to explore the world of commerce by giving them three batches related to different career opportunities.

- Competitive Batch- For students who wish to clear CA Foundation
- Management and Entrepreneurship Batch- For students interested in starting their business or getting into management.
- Global Batch- For Students who wish to study abroad.

Humanities Stream

At YS, we are redesigning learning methodology of humanities streams as per new unfolding career opportunities. To ensure that students are studying what is needed to reach their aim, we have divided them in 6 batches

- Civil Service Batch- For UPSC aspirants
- Judicial Service Batch- For CLAT aspirants
- Global batch – For Study Abroad Aspirants
- Performing Arts Batch- For students Interested in dance, theatre, film making and music
- Sports Batch- For the students who excel in sports.
- General humanities- Students who wish to pursue & study general humanities join this batch

NEET & JEE Foundation Classes

In a hope to give wings to the dream of students who wish to study undergraduate medical courses (MBBS), dental courses (BDS) in government or private medical and dental colleges in India, & students who want to study in IIT, YS gives special NEET & JEE classes to these students. Till now **40 students** have **cleared JEE mains** and **22 Scholars** have **cleared NEET**. Special features of these foundation classes:

- Competitive classes • Highly Qualified Faculty • Crash Course • Mock Tests

UPSC & CLAT Classes

Students of grades 11 and 12 are taught through a unique method to understand a wide range of topics targeting UPSC and CLAT examinations. These classes prepare the students for prestigious competitive examinations and also help them to broaden their academic horizons. Some special features of these classes are:

- **Competitive Batch 'Arts'**
- **Our Innovative EMR Classes**
- **Highly Qualified Faculty**
- **Workshops**
- **Internships**

Career Awareness Programs

We offer a comprehensive college counseling program for students from Class XI onwards, thereby sensitizing them early on with multiple learning avenues and career options. Our teachers guide students as per their chosen subjects and different courses offered by college and universities. Every month the counseling team from Wonderskool, Apply Board and PTE visits our school to meet with our students and provide information on various educational programs and learning pathways. Representatives from more than a hundred universities visit our school to enlighten our students about their courses and programs.

Global Connect

Turning Dreams into Reality

When a student joins YSGC, he gets following facilities to get headstart to their academic journey :

- English Communication Classes on IELTS Pattern
- Profile Evaluation
- Profile Building
- Matching with a Suitable Study Plan
- One-on-one Career Counseling
- Information about various opportunities
- Scholarship Assistance
- Guest lectures from experts
- Student exchange programs

What

is Vital To Take Admission to a Good University

- Is a score of more than 95% marks in our 12th board mark sheet enough?
- Does it guarantee success in life?

The answer would be NO.
That's where the need of a good profile arises.

Profile building is the sum total of all achievements of students- Academic performance, Extra Co-curricular activities, achievement in sports, community engagement. All these activities help students in securing admission in quality and reliable Institutions in India and abroad.

Build Your Profile

Big Campus
to achieve **Big Dreams**

Platform for

Overall

Development

Students' Leadership Council (SLC) :

Students' leadership council is a club that assists in organizing all the functions in the school as well as at the professional level.

The Campus :

The school newspaper provides an opportunity to start journalism at a very young age; this initiative helps the students to acquire management, writing, and interviewing skills.

Khoj :

The research society of YS school inspires the students to research from grade 11 itself to dive into research. With the help of their mentors, students will not only do research on the topic of their interest but will also get an opportunity to get their research published.

Literati :

Literature changes the world and authors have always been the driving force of each revolution. In this society, students get the opportunity to polish and publish their work with ensured guidance under experts.

Next - Gen Artists :

The members of society get a platform to showcase their artistic skills through national and international exhibitions. Apart from this, the members also get guidance from highly qualified mentors.

Student Run Societies

Apart from imparting academics and moral values among students, YS helps to assimilate other qualities that leads to mental, physical, social and emotional development. The presence of ten independent societies not only helps scholars to broaden their horizons of knowledge and caliber but also assists them to evaluate the quality of self-realization.

YS Debate Society (YSDS) :

Nobody is born with orating skills. This society is an initiative to develop speaking skills along with the thinking ability of the students. In association with IIMUN and national and international debating societies.

Kalamanch Performaing Arts Society (KAPAS) :

This theater and music society of the school believes in the fact that you are free to follow your dreams; scholars who are interested in acting and music get training from highly qualified mentors.

Ours Mart :

It is an entrepreneurial initiative run by the students that sells all the stationery and fine arts supplies in the school campus both online and offline. The club is an initiative to develop these young minds into entrepreneurial minds.

School Counsel of Psychology (SCOP) :

Being a part of this society will give students an exclusive chance to attend both national and international workshops and seminars. It will also become a platform for students to work with NGO's and understand psychology in depth.

Legal Education Awareness & Development Society (LEADS) :

practical platform to practice what they study. Students will get to meet advocates and judges for better understanding. practical platform to practice what they study. Students will get to meet advocates and judges for better understanding.

Avaie Scholarship Through

ASPIRATION

Honoring The Brilliance

An opportunity for 10th class scholars

to win a scholarship of up to INR 40,000. It is a platform for students to give themselves a target of their academic result and achieving that target will result in them winning the scholarship to get motivated to do better.

Alumni Speaks

Jaspreet Singh Gill

I was the student of humanities stream and I got numerous platforms for exposure through which I turned into a leader. Along with this I took my IELTS exam while I was in grade 12 and scored 7 bands. I am really thankful to the school because today I am a student leader at Columbia College who is opinionated, confident, trustworthy, and brings a change.

Navdeep Singh

Studying in YS was amongst one of the best decisions I have taken. My teachers motivated me to take **IELTS** exam when I was in grade 12; at first I was sceptical but then I took the exam and scored 7 bands. Apart from that I also took a scholarship test and I was the only Indian student who was awarded with the scholarship of 5000 CAD. I would like to thank my school and teachers for everything that I am today.

Indul Garg

I always dreamt of becoming a CA and YS helped me build a strong foundation for my dream. The special CA Foundation classes that were given to us in the school were very beneficial. Today I am living my dream as a direct and International Taxation officer. My strong foundation in academics definitely helped me reach my goals.

Navneet Kaur

I am grateful that YS gave me wings to fly high and achieve my dreams. I got amazing coaches and support from all the teachers which helped me win medals in national level in netball. I enjoy the practical approach that our school takes to teach us
